1B SAFE SCHOOLS ACT OF 1994. This act provides for a bond issue of one billion dollars (\$1,000,000,000) to provide capital outlay for construction or improvement of public schools and the authorization to allocate bond funds and interest derived therefrom from the State School Building Aid Bond Law of 1952 for present-day public school construction or improvement.

1C HIGHER EDUCATION FACILITIES BOND ACT OF JUNE 1994. To renew California's economic vitality and to regain our state's high quality of life, this act authorizes a bond issue of nine hundred million dollars (\$900,000,000) for the strengthening, upgrading, and constructing of public colleges and universities throughout the state. These projects will create jobs and strengthen the state's economy by providing adult and student job training opportunities and by enabling public colleges and universities to prepare a well-trained and competitive workforce. They will repair and rebuild college classrooms, which will strengthen college campuses to prevent injuries in future earthquakes. They will provide alternatives to crime and gangs by ensuring access to higher education. They will improve the quality of learning at public campuses by improving classrooms and providing modern teaching technologies. Authorized projects for the 136 public campuses include, but are not necessarily limited to, earthquake and other health and safety improvements, upgrading of laboratories to keep up with scientific advances, improving and modernizing campus computer capabilities, and construction of classrooms and libraries. No moneys derived from the sale of the bonds will be expended for administrative overhead.
